**Complete document of human fraternity for world peace and living together**

<https://www.romereports.com/en/2019/02/04/complete-document-of-human-fraternity-for-world-peace-and-living-together/>

We call upon intellectuals, philosophers, religious figures, artists, media professionals and men and women of culture in every part of the world, to rediscover the values of peace, justice, goodness, beauty, human fraternity and coexistence in order to confirm the importance of these values as anchors of salvation for all, and to promote them everywhere.

*Abu Dhabi, 4 february 2019*

His Holiness  
Pope Francis

The Grand Imam of Al-Azhar  
Ahmad Al-Tayyeb

## **Complete document of human fraternity for world peace and living together**

Moreover, we resolutely declare that religions must never incite war, hateful attitudes, hostility and extremism, nor must they incite violence or the shedding of blood. These tragic realities are the consequence of a deviation from religious teachings.

The pluralism and the diversity of religions, colour, sex, race and language are willed by God in His wisdom, through which He created human beings. This divine wisdom is the source from which the right to freedom of belief and the freedom to be different derives. Therefore, the fact that people are forced to adhere to a certain religion or culture must be rejected, as too the imposition of a cultural way of life that others do not accept;

In conclusion, our aspiration is that:

this Declaration may constitute an invitation to reconciliation and fraternity among all believers, indeed among believers and non-believers, and among all people of good will;

“A global educational pact is needed to educate us in  
universal solidarity and a new humanism,”

(Pope Francis, Sept 2019)

I wish to endorse a global event, to take place on 14 May 2020 on the theme  
*Reinventing the Global Compact on Education.*

To reach these global objectives, our shared journey as an “educating village” must take important steps forward. First, we  
must have  
*the courage to place the human person at the centre.*

This will result in men and women who are open, responsible, prepared to listen, dialogue and reflect with others, and capable  
of weaving relationships with families, between generations, and with civil society, and thus to create a new humanism.

I invite everyone to work for this alliance and to be committed, individually and within our communities, to nurturing the  
dream of a humanism rooted in solidarity and responsive both to humanity’s aspirations and to God’s plan.

# Humanism:

an outlook or system of thought attaching prime importance to human rather than divine or supernatural matters. Humanist beliefs stress the potential value and goodness of human beings, emphasize common human needs, and seek solely rational ways of solving human problems.
